

Announcing
**THE RUSSELL HOME FOR ATYPICAL CHILDREN
2012 PROJECT**

Dear Friends,

As you may know our mission is to house love and make a happy life for special needs children and adults. We would like you to pass this message along to your family, friends and co-workers so they may know about my grandmother's mission and our very special children and adults here at the Russell Home.

The Friends of the Russell Home have started a new fund raiser called the "2012 Project" that was kicked off as of Oct. 1, 2011.

Our goal in the year 2012 is that 20,012 friends donate \$20.12 each or 15,000 friends to donate \$150.00. This will reach our goal so that we can have a New Home built for our very special children and adults. We want the new home to last for 60 more years so that my grandmother's mission can live on for years to come.

You can help us reach this goal by sharing this request with your friends, family and co-workers. Donations can be made by visiting [PayPal](#) (also accepts major credit cards) or call us at 407-855-8063 to donate by Visa or MC over the phone or mail/drop off donation checks at the Home at 510 W. Holden Ave. Orlando, FL 32839.

Whatever you do will be greatly appreciated as we work towards a better future for our kids and a home that will last a lifetime for them. We thank you for caring and sharing with our home and for the love and kindness you so continue to show our home.

We thank you so much for your support,

Betty Turner @ The Russell Home
